

THE LITTLE SNOWPLOW

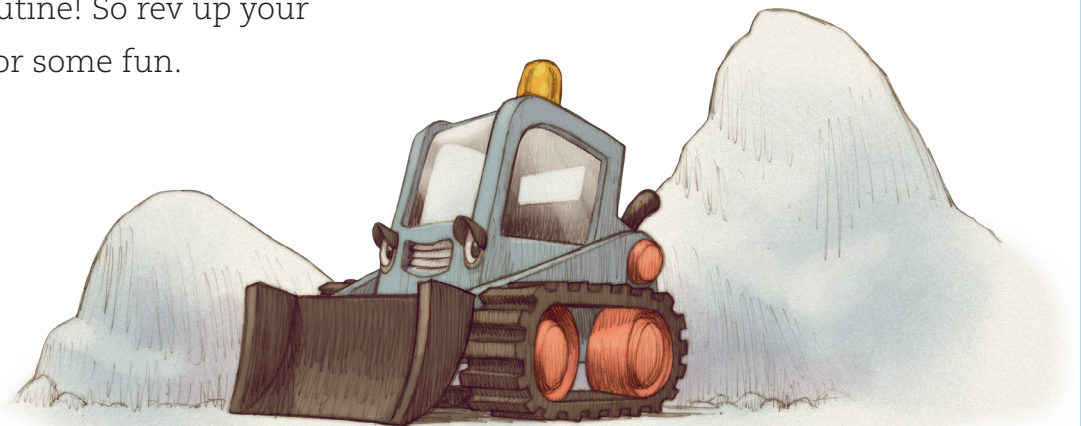

Activity Kit

Children’s librarian Lora Koehler has created an instant classic with her picture-book debut, *The Little Snowplow*, illustrated by Jake Parker. In a snowy homage to *The Little Engine That Could*, this book tells the story of a little plow who won’t give up. Despite discouragement from the bigger trucks on the Mighty Mountain Road Crew, the little snowplow determinedly prepares for the blizzard. And when the storm comes, he not only does his part to plow the streets, but also uses his small size to save the day!

With cozy, charming illustrations and a great message about perseverance, *The Little Snowplow* is bound to become a household favorite on snowy days. In this kit, you will find five activities that let little ones engage with the book—from puzzles to drawing activities—and even a snowplow workout routine! So rev up your engines and get ready for some fun.
