C HOW TO ~~H~~ATCH A CHICKEN!

Hi, I'm Starla Jean and this is my chicken, Opal Egg. If you want your own chicken, first you have to catch them! As a expert chicken-catcher, here are my tips:

- You've got to be smarter than the chicken.
- You've got to be faster than the chicken.
- And you've got to believe in yourself!

Have a parent cut out the chicken below and hide it somewhere nearby, then start your chicken hunt using the tips above.
